

Customisation

Overview

You can tailor your Chainlit Application to reflect your organization's branding or personal style. Our intention is to provide a good level of customization to ensure a consistent user experience that aligns with your visual guidelines.

In this section we will go through the different options available.

Custom Logo and Favicon

Learn how to display your own logo and favicon

Custom CSS

Learn how to provide your own CSS stylesheet.

Translation Files

Learn how to navigate and modify translation files for UI text customization.

Theme

Learn about creating your own theme.

Font

Learn how to use a custom font.
